To the Editor of the New Era. DEAR SIR.

In looking over your last weekly issue on advertisement from the Reeve of the Township caught my eye, and feeling (as I trust with a request, that if the subject seem to reevery man in the Township feels) an interest quire it. I may be allowed a few remark in the disposition of the fund referred to, in the above document, I desire to offer a few brief remarks in relation thereto-in order that King, Decr. 9, 1856. the Gentlemen Ratepapers of the Township of King may hear both sides of the question. The advertisement commences by stating

" that having had the subject of investing our portion of the Reserve Fund under consideration, and having carefully considered the situation of the Township in reference to its Schools &c., I have therefore come to the conclusion that the best and most satisfactory way of promoting the interest of the Townsome leading road, or roads, one or both terminating at King Station," &c. Now in deciding the question of the distribution of the Reserve Fund, regard should be had to the original and continued design of the advocates of secularization. Many long years have passed away since the first agitation of this question. The cry then arose, "let us secularize the Reserve and appropriate their proceeds to education and thereby establish a tempt to give you any of the speeches. noble provision for diffusing the blessings of education throughout the length and breadth on the meeting. We always intended to apply it to make one permanent leading road, and upon very mature and careful consideration, I think we had better make two to King Station .-This, in my opinion, is the only way to give general satisfaction; because it will be of such great benefit to the Townships lying North

and North-West. Now, gentlemen ratepayers, are you willing to allow this fund which alike belongs to all, and which in justice should be appropriated in such a manner that all may share its benefits. are you willing, I say, that this fund shall be taken to build one or two leading roads to King Station, to benefit the Townships lying North and North-West, while a large portion of this Township will be unable to benefit by the outlay from the fact that King Station is located at an inconvenient point.

If this fund is to be unwisely alienated from its original intention and expended upon roads. the only just method to disnose of it will be to divide it and expend one portion of it on the and the other portion on such leading roads to increase. No medicine ever introduced to the public has become so universally popular with Ladies as Sir Astley Cooper's Pills. They are of most astonishing efficacy, and they are confidently recommended to them for general use. A tr of a box of these Pills will at once prove the truth of this assertion.

IMPORTANT CAUTION. It frequently occurs that Druggists impose on their customers a spurions compound called Sir Astley Cooper's Pills. generally put up in a red or pink wrapper, and labelled prepared, or as prepared at Apothecaties Hall, London, when the fact is, they are prepared by themselves. Beware of such trast as you would of poison. The Genuine Pills have the likeness of Sir Astley Cooper on the top of each box; also the fac-simile of the signature of the Proprietors, MacPhail & Co. London and New-York, on the directions. Sold at 25 cents, 50 cents, and \$1 per box, by all re-
